### Product description

Riex GN86 Sorter, No Slides Crafted with precision and a focus on modern aesthetics, the Riex GN86 Sorter, No Slides, Anthracite stands out as a versatile addition to your space. Its robust design ensures long-lasting use and effortless functionality. This high-capacity pull-out built-in waste bin for sorted waste is designed for installation between the double-wall side panels of a drawer system (slides and side panels not included). Recommended types of slides are NX40 and ND30, but it can also be used with other types of double-wall drawers (not suitable for narrow side panels). Designed for cabinet widths of 600mm, the bins can be easily handled by pulling them out and carrying them with folding handles. A fixed built-in lid/shelf for storing items such as cleaning utensils and minimizing odors can be additionally purchased for the sorter. Key Features: Constructed from premium materials for enhanced durability and strength Easy to install, ensuring a hassle-free setup process Suitable for cabinet widths of 600mm Metal and plastic pull-out frame for smooth operation Additional fixed built-in lid/shelf available for purchase
